City Manager

Rick O'Connor
City Clerk

Dear Steve and Rick,

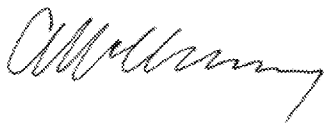

On February 7, 2022, Ottawa City Council adopted my motion (attached) directing that the City of Ottawa petition the Government of Canada regarding the occupation that currently has hold of our city.

To date, I am unaware that staff have taken any action or sent a letter to meet this direction.

I understand that the City has process and procedures, that there are limited resources, and that staff have a great deal to do.

That said, we are in the grip of a national crisis, one that began in Ottawa 2 weeks ago and has no foreseeable ending. This is not business as usual.

Please ensure that directed action is taken as soon as possible and that staff are aware that occupation-related measures must take priority at this time. We all need to act responsibly but quickly to bring this crisis to an end.

Thank you,
Catherine
